

WHY IS YOUR WORKLIFE SO IMPORTANT?

- ▶ Where do you spend the majority of your waking hours?
- ▶ Where do you face the majority of challenges to living out your faith?
- ▶ Where do you engage in the majority of your relationships?

The answer is "your WorkLife" and the mission field for which God has prepared you.

If you're like most people, work is where you spend the majority of your waking hours. Your work influences every aspect of your life, including family. Yet for many of us, work can just suck the life out of us. Here's the good news. It's possible to THRIVE at work instead of just survive. God wants you to have more purpose, peace and His power in spite of the circumstances you deal with at work.

"I am experiencing so much more joy and more peace since switching God ON at work. Before, my faith was lacking and I could not sense God's presence at work. I am more aware of Him working in all of my life now."

— Rachel
